

# DALTHORP SCRAPBOOK LISTINGS

## BY

### SUBJECT AND PAGE NUMBER

NOTE: This remarkable scrapbook was kept by then Volga Postmaster Victor Dalthorp. He faithfully clipped articles for this book from the 1930s to about 1956. He retired in 1946 after serving as postmaster for 30 years.

We are indebted to him for this historic document and for his gifts of hundreds of other artifacts of local history.

This book is mostly of news stories from the Volga Tribune and other area newspapers recording deaths and obituaries, not only of Volga and area residents, but of others in the county plus counties abutting Brookings County. In some instances in this book, the obituary of an individual may be listed several times, which indicates its use by several newspapers. It is possible that each obituary about an individual may vary depending on the newspaper editor's additions.

The names in this index are spelled as they appeared in the various newspaper clippings, so in some instances there may be misspellings.

Thank you
